RE: Extension of the authorization to be termed a public institution for the purpose of donations - Jerusalem Hills Therapeutic Centers Organization number 580282085

We hereby inform you that the Israel Tax Authority has agreed to extend, for an additional period, your authorization to be considered a public institution under article 46 of the income tax law regarding contributions. Donations to your organization will be recognized for the donor as designated under this section and subject to the following conditions:

- 1) This authorization is conditional on the organization not changing its objectives as specified in its bylaws or straying in its activities from said objectives, and that the organization will uphold all of its obligations as in the written statement of obligation which was attached to the request to be granted public institution status, specifically submitting annual financial statements audited by a certified accountant by the deadline determined in law by the Israel tax authority and the keeping of organized books as per the instructions of the tax authorities.
- 2) This authorization is conditional on the organization not receipting donations for which there is no compensation for the individual paying and will not write receipts from the day of the cessation of activities.
- 3) It is incumbent on the organization which receives recognition as a public institution according to article 46 to act according to sections 2b and 1d of these articles as follows: ".....donations will be listed in a separate receipt book. On each page of a receipt book dedicated to donations the typed work "donation" will stand out; if the organization has received authorization as per article 46 the following words will be printed on the receipt: "this organization has the authorization to be considered a public institution under article 46 of the income tax law regarding contributions "
- 4) This authorization in no way determines that the income of the organization is not income from a business or from any other source which are subject to or exempt from taxation by any law.
- 5) This authorization is extended from **01/01/2015 until 31/12/2023** and will continue to be extended each time pending the submission of a renewed request for extension.
- 6) As a condition for extension of this authorization you must submit a "request for authorization extension". A request form will be sent to you by our office towards the end of your authorization period and you must alert your local tax office of any address change of your organization.

7) If the organization does not abide by the above conditions this authorization is void.

Yours,

Erez Orad CPA
Senior Area Officer
Department of Public Institutions and nonprofits
